WEATHER.—Probably clear or fair and cold weather for the next twenty-four hours.

THE LATEST

Suicide—Eighteen Below Zero.

National Associated Press to the Star.

WATERBURY, CONN., Jan. 7.—Joseph Vreth, who was discharged from the Kalamazoo Mills, in Seymour, Saturday, committed suicide by hanging on Sunday morning.

The thermometer stood eighteen degrees below zero this morning.

Resigned—Parliament.

National Associated Press to the Star.

LONDON, Jan. 7.—It is reported that the Earl of Carnarvon, Secretary of State for the Colonies in the British Ministry, has resigned.

The early dissolution of Parliament is predicted.

WASHINGTON.

Special to the Star.

SENATOR PATTERSON'S CONDITION.

WASHINGTON, Jan. 7.—Senator Patterson's condition is more critical than has been stated in the papers. For some time the only nourishment he has been able to keep on his stomach is some raw meat taken in balls three times a day. No one is allowed to see him, for fear of exciting him unduly. Yesterday he sat up an hour or two, and was supposed to be better, but last evening he had a relapse. His trouble is severe nervous prostration. He has been treated with anodynes and cupping. It is obvious that his recovery will be slow, and is only to be hoped for as the result of skillful treatment.

Not Yet Pardoned.

National Associated Press to the Star.

WASHINGTON, Jan. 7.—The application for the pardon of Roselle Junker & Co., a Chicago firm very largely engaged in fraudulent whisky transactions, has been delayed by Secretary Sherman.

Senator Patterson.

Senator Patterson's son reported last night that his father has had another relapse and is in a dangerous condition.

The Resumption Act.

When the bill repealing the Specie Resumption Act passed the House of Representatives in November the indications were that the measure would never receive a respectable consideration in the Senate. Since that time, however, there has been a decided change in opinion.

Henry Smith.

The Journal Clerk of the House of Representatives, is at present actively engaged upon a revision of the rules of the House.

Woman's Suffrage Association.

WASHINGTON, Jan. 7.—The ladies of the Woman's National Suffrage Association, who meet in Convention here tomorrow, are holding a preliminary council in the Ladies' Reception Room of the Senate this morning, for the purpose of mapping out the business to be transacted by the Convention, which will sit two days.

Among those present are Isabella Beecher Hooker, Elizabeth Cady Stanton and daughter, Lillie Blythe, and Misses Susan B. Anthony, Maria W. Chapman, and others. The convention will be held in the Ladies' Reception Room of the Senate this morning, for the purpose of mapping out the business to be transacted by the Convention, which will sit two days.

NEW YORK CITY.

Corrupt Electoral Votes.

National Associated Press to the Star.

NEW YORK, Jan. 7.—The Herald's Washington special says it is almost certain that a resolution will be introduced in the House on the reassembling of Congress, carefully drawn by capable lawyers, and having the intention to investigate the charges made in Mr. Chandler's recent letter concerning corrupt bargains affecting electoral votes.

Nitro-glycerine Explosion.

An explosion of nitro-glycerine occurred on the Island called Black Tom, a strip of land to the southwest of Bedloe's Island, in New York Bay. There was nothing valuable around at the time of the explosion, and the damage is small.

Skating Season.

The skating season has at last come, and will be opened this morning. It is being opened by the Park Commissioners, so that the ice in the park lakes is in excellent condition.

Train Ditched.

The 7:30 A. M. train from Elizabeth, N. J., was derailed at Elizabeth Junction by jumping a switch. Nobody was hurt.

FOREIGN.

National Associated Press to the Star.

REASONABLY HEALTHY.

BUCHARIST, Jan. 7.—The Dobrudzha is reasonably healthy at this season.

STRONG ENOUGH FOR CROSSING.

VIENNA, Jan. 7.—A political correspondence says the ice in the Danube at Galatz will probably be strong enough in two days to permit the crossing of troops. The Russians also intend to occupy Salina.

FROM CONSTANTINOPLE.

CONSTANTINOPLE, Jan. 7.—Mahmoud Damed, who has hitherto exercised influence at the palace, has been relieved of the functions of Grand Master of Artillery. Various small services and insignificant favors are announced.

THE POPE IMPROVING.

ROME, Jan. 7.—The Pope continues to improve in health, and his physician is now of the opinion that his holiness will soon recover the use of his legs. On Friday his holiness formally received the Cardinals in his bedroom. Prince Torlonia was also received, and yesterday the Marquis de Larnaca, Minister of Holiness, was granted an audience.

THE STATE CAPITAL.

ANNUAL MESSAGE

Of Governor Thomas L. Young.

At the meeting of the General Assembly the Governor's Message was read. We take from it the following:

The following presents a summary of the financial condition of the State at the end of the fiscal year 1877:

On the 15th day of November, 1877, the fund of the State was \$4,484,575 30. The remissions during the year were—Loan of 1876, \$5,000 00.

Balance outstanding Nov. 15, 1877, \$6,479,808 30.

Total foreign debt, \$6,479,808 30.

Domestic debt—Canal loan, \$6,479,808 30.

Bearing interest, 1,675 00.

Total funded debt, \$6,479,808 30.

Since the 15th of November, 1877, the balance of the loan of 1876, \$5,000 00, has been received, so that the funded debt now is \$6,479,808 30.

The amount of reimbursable debt is:

State, \$6,479,808 30.

Local, \$6,479,808 30.

Total, \$12,959,616 60.

Irredeemable debt, \$12,959,616 60.

Aggregate debts in the State, \$12,959,616 60.

Balance in Treasury Nov. 15, 1877, \$657,009 39.

Retained deficit in Treasury Nov. 15, 1877, \$2,234,906 91.

The taxes levied in 1876, collectible in 1877, were, \$2,234,906 91.

The taxes levied in 1877, and collectible in 1878, are, \$2,234,906 91.

I especially desire to renew the recommendation of my predecessor in concurring with the Auditor in his opinion that the Assessed value should be merged into the General Revenue Fund.

During the last two years the levy for State taxes was reduced two-tenths of a mill from the rate of 1875, being at present two mills and nine-tenths of a mill. The reduction was ill-advised, and in order to meet the requirements of the Constitution and keep the public debt of the State at a minimum, it is recommended that the levy be increased to three and one-half mills for the next three years, after which it may be materially reduced.

Our play again is to be continued with the citizens of the State generally, in the acquisition of the records from the United States Land Office at Chillicothe.

The losses of the public works, on the 1st day of December ultimo abandoned them, and refused to pay the rent. The Attorney General brought suit therefor, which is now pending. Two decrees have been rendered, not exceeding \$10 per day each, were appointed by the Court to collect rents and to preserve the works from immediate or threatened injury. They are to serve till the termination of the suit, or until the Court or jury shall otherwise direct. This subject relating to the public works is committed to your careful consideration. The issue will expire during the next session.

Another important subject to which your attention is called is the question of drainage. The great increase of the value of property, of the production of all kinds of cereals, and the consequent increase of wealth and population, and the preservation of the public health, require a liberal encouragement from every source of the State, to induce the acquisition of a thorough system of drainage in this section of the State; and if experience has taught us that the State will not suffice, it should be invoked by the appointment of competent engineers, and the issue of bonds, the issue to be apportioned among the counties of the State, on the basis of their area, and immediate cultivation and settlement of the whole of those vast tracts of fertile lands now almost worthless.

Our public schools are in a very prosperous condition. The Ohio school system is admired and being gradually adopted in many of the States of this nation. Too much care and encouragement cannot be bestowed on this great and important factor of a people's prosperity. Let us endeavor to perfect the system of training teachers and to provide for more thorough supervision of our common schools by recommending that the Ohio school system be maintained and being gradually adopted in many of the States of this nation.
